Institution’s Administrator Support

2010-2014 ATE Workshops for Physics Faculty
A Project of Lee College (TX), Estrella Mountain Community College (AZ), and the National Science Foundation

________________________ of our institution is applying to participate in your ATE Workshops for Physics Faculty.

(applicant's name)

Our institution encourages and supports our applicant's participation in these workshops. Our applicant is currently teaching full-time with a teaching load of at least one course in physics. In addition, we expect to assign our applicant to teach physics each semester during the next two academic years. If selected, we would support efforts by our applicant to implement the workshop materials and concepts.

Also, if our applicant were to be selected as a participant, we would make it possible for the applicant to attend and participate in the workshop. The institution will provide some support for travel to attend the workshop in addition to providing the necessary substitutes and released time for our participant. (You may also attach an optional additional statement of institutional support.)
